A New Woman.

These makes many a woman premature old. Dark-rimmed eyes, hollow cheeks and wasted form are accompanied by indigestion and loss of ambition. These are a weariness, and social life has no attraction.

One of the commonest expressions of women cured by

Dr. Pierce's Favorite Prescription is this: "It has made a new woman of me."

There's a world of meaning in the words. It means the sparkle brought back to the eyes; the complexion tinted with the rosy hue of healthy blood; the form rounded out into a new and beautiful curves; the whole body radiant with health.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It dries debilitating humors, heals inflammation and ulceration, and cures female weakness. It makes new women of those prematurely aged by disease.

"Dr. Pierce's medicine are the best I have ever used," writes Mrs. C. Nelson, of Chelsea, Mass. "My health was badly broken down, and I consulted him by letter. My system was so weak that I could not do any work, and my health was so bad that I could not do any work, and my health was so bad that I could not do any work."

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Apperilets, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Ernest L. Allen, Claude M. Lennon, Warfield & Hall, Charles G. Lennon, W. F. Creighton & Co., and Richard Gibson.
